November 2011

From the Principal

Wow! Eight weeks and 34 days of instruction flew by which brings us to parent/teacher student-led conferences, scheduled the week of 10/31 thru 11/3/11. These are mandated conferences for both parent/guardian and student to attend. It is vital that Bridge Academy students are able to share with all parents their progress, strengths, weaknesses, grades and goals. I am pleased to share that 11 students achieved level 5 this quarter. Due to their hard work along with an amazing and committed staff, many of them are eligible to transition. This is a great accomplishment and I would like to recognize those who have achieved Level V status.

If the appointment is missed the student will not be allowed back into school until the parent/teacher conference is held. ~ Mr. Brooks

Transition Center: It's November already?! My, time has flown!! Students are moving right along in their courses. We have problem solved and learned how to successfully navigate in the IDLA program. I even earned my certificate for Site Coordinator. We will be conducting our Student lead conferences on Thursday November 3rd from 3-7 p.m. I will be contacting you to set up a scheduled time. I look forward to sharing all of your student's achievements. ~Mrs. Walker
Our Motto: "And you don't stop, And you don't quit"

From the Counselor: During the month of November we will be celebrating Veteran's Day. This is a day that Congress has set aside for us to pay special recognition to the men and women who have served our country and allowed us all of the freedoms that we enjoy. Let them know you appreciate them and their families. "Kindness is an inner desire that makes us want to do good things even if we do not get anything in return. It is the joy of our life to do them. When we do good things from this inner desire, there is kindness in everything we think, say, want and do." Emanuel Swedenborg. Have a great November ~Mrs. Wilkes

From the Teachers

Room 3: In 7th grade, students are learning and practicing exponents, factors, and fractions. In 8th grade, students are learning all about rational numbers. Please remember that after school tutoring is offered on Mondays for extra help in math. This is going to be a great 2nd quarter!
~ Ms. Robbins

Room 4: Students are writing narratives in Language Arts. We plan to take one of our "ideas" from our writing folder through all of the steps of the writing process. Once published, we will share with an audience of first and second graders for the next Outreach!
~ Ms. Kober

Room 5: I cannot believe it is the end of the quarter already! This quarter we have focused on finding main ideas and supporting details. We have also read, at least, 2 books. Many of your students have made significant progress in their reading ability. I am excited to see what the next quarter holds. I am also excited to meet many of you during Parent Teacher Conferences.
~ Mr. Corgatelli
